SYDNEY SAMPLE INTERNSHIP LIST HEALTHCARE

INDUSTRY DESCRIPTION

The healthcare industry in Australia has many laws and legislations that will impact the level and type of opportunities available to undergraduate students. Currently, there is a shortage of internships placements in NSW for medical graduates and any internship positions available in a doctor's office or hospital are reserved for these students. As most nursing students in Australia undertake their first internship in Aged Care Facilities, CAPA has worked to also develop relationships with these Facilities so that pre-med and nursing students can also learn from this type of experience. Placements will vary from small private facilities, community organisations through to research organisations. Students will need to have a relevant academic background and related work experience or undertaken extracurricular activities in the healthcare field to be accepted by a host site.

EXAMPLES OF PAST PLACEMENTS: Please note that the following sites are a brief cross-section of current CAPA internship host sites and should not be considered as a guaranteed location for your placement. All internship & service learning placements will be dependent upon each individual applicant's application documents, prior experiences, demonstrated skills and their aspirations and goals.

Brain and Mind Research Institute (BMRI)	Diseases of the brain and mind now account for more than 40 percent of all illness. This internship site takes up the challenge to tackle and lower the incidence of mental illness in all its forms, including depression, anxiety, substance abuse, schizophrenia, and bipolar disorder, and dementias such as Alzheimer's disease. Placements are research oriented.
Heart Research Institute	This not-for-profit, independent research organisation has strong links to the University of Sydney and the Royal Prince Alfred Hospital. The site focuses on identifying the way in which cells and molecules in blood vessels work in order to better understand how heart disease develops. Teams of scientists work across a range of research areas to find new ways of detecting, treating and preventing heart disease in our community. Placements here are mostly observational experiences, but sometimes have a research component to them.
Greenwood Dental	This dental practice offers all types of dental treatment with a particular focus on Cosmetic Dentistry. As they have a large team of Dental Practitioners, they offer Dentists who have special interests. These include Cosmetic Dentistry, General Dentistry, including Crowns, Veneers, Root Canal Therapy, Dental

	Implants, Amalgam Removal, and Laser Teeth Whitening. Placements are observational.
the eyecarecompany	Serving as both a retail store for glasses, as well as providing optometry services, this internship site provides highly professional and personalised eye care services at convenient locations all over Sydney. Services include eye exams, contact lens exams, eyewear advice, lens advice, and also express and same day services. Placements are observational.
Twilight Aged Care	This Aged Care Facility was established as a private charity in 1915. Many residents require dementia specific care which is offered within a secure environment. This facility is a friendly warm and supportive environment where the needs of the individual are met with dignity and independence is encouraged as much as possible. Interns will be exposed to many aspects of running an Aged Care Facility, from interacting acting with residents during game and meal times, to following carers and nurses as they do their daily health visits.
Cancer Council NSW	This independent charity is not funded by the government, with the bulk of its income being raised through fundraising events and donations from the community. Through the development of prevention strategies, research into new treatments and cures, and by providing clinical and emotional support to those affected by cancer, the organisation works towards realising a vision of a society where lives are not cut short by or their quality diminished by cancer. Placements here are marketing and events focused.
Men Sheds	This organisation is now established as part of the health infrastructure that supports programs to improve men's health and wellbeing, including men in need of: help arising from mental illness or other debilitating illnesses; help transitioning from full-time employment to other activities in retirement; an additional link between the primary health network and the many men who have no regular contact with that network; a place that enabled social interaction and activities to maintain the health and wellbeing of those men; a culture where all men are welcome and where mutual respect and trust are paramount; a focal point in the community for the identification of men's health issues and actions to resolve those issues. Placements here are health admin focused.

Mental Health Association	<p>This site is a non-government organization and registered charity funded by NSW Health. Members are people who are interested in mental health issues. With a vision of a society that values promotes and protects mental health and wellbeing for its citizens their mission is to promote opportunities for the people of NSW to achieve their optimal level of mental health through providing information education about mental health mutual support and advocacy services. The site's major activities include provision of the Mental Health Information Service, the Facing Anxiety Program support groups (including training and establishment of new groups), and mental health promotion and advocacy.</p>

SYDNEY SAMPLE INTERNSHIP LIST PHYSIOTHERAPY

INDUSTRY DESCRIPTION

The healthcare industry in the UK has many laws and legislations that will impact the level and type of opportunities available to undergraduate students. For many roles, especially those requiring “hands on” responsibilities, there are regulations stipulating that individuals must have achieved certain qualifications. However, CAPA has developed meaningful placements with a range of organisations that can provide first class opportunities to support and develop the students experience in the field of physiotherapy. Physiotherapy is an incredibly competitive area in which to secure internship placements and students must demonstrate a high GPA, relevant coursework and previous work experience in a related field such as Athletic Training, Orthopaedics, Sports rehabilitation, Neurology, Nutrition or another Medical-related profession. Students should also have excellent communication and interpersonal skills.

EXAMPLES OF PAST PLACEMENTS: Please note that the following sites are a brief cross-section of current CAPA internship host sites and should not be considered as a guaranteed location for your placement. All internship & service learning placements will be dependent upon each individual applicant’s application documents, prior experiences, demonstrated skills and their aspirations and goals.

Five Dock Physiotherapy	Five Dock Physio has a holistic approach to treating patients. Patients have an initial assessment where the main cause of their signs and symptoms are assessed. Patients are treated with manual therapy, electrotherapies, and provided with appropriate education to self-manage their conditions (for example specific stretching or strengthening program to be done between sessions/treatments). Patients are also taken through a clinic or gym based exercise therapy program in most cases with a focus on strengthening a patient’s core muscles.
Hornsby Physiotherapy	Hornsby Physio deals with all types of injuries with a focus on pelvis and thoracic spine dysfunctions. The Clinical Director commenced practice in Hornsby in December 1982 at the Hornsby Physiotherapy Centre (1982-1997) and then developed the physiotherapy service at Mt Wilga Private Hospital between 1989-2002. In addition to his work at his current clinic the Director also lectures high school students in relation to Sports Medicine and provides on field services to local high school sporting teams.

<p style="text-align: center;">Active Lifestyle Physiotherapy</p>	<p>Active Lifestyle Physiotherapy was established in 2006 as a solo physiotherapy practice in Epping. Since then it has grown to offer other relevant allied health services including massage therapy dietetics podiatry and psychology. Active Lifestyle Physiotherapy now also operates from Fairfield and Norwest and have plans to continue to grow so that they can offer greater and more convenient service to their patients.</p>

CAPA Sydney Sample Internship List – Public Health

Industry Description

Sydney offers diverse opportunities for internship placements relevant to public health. Given the broad and interdisciplinary nature of the field, students can expect placements in a variety of settings including advocacy and community organizations, government agencies, charities, healthcare facilities, fitness centers, university research centers, and even museums. Applicants should be open to exploring opportunities in multiple environments and will need a relevant academic background and related work experience or have undertaken extracurricular activities in the field in order to be accepted by a host site. Responsibilities will be dependent on each individual applicant's application documents, prior experiences, demonstrated skills, and stated goals; however, it is important to note that patient contact should not be an expectation. Placements are intended to allow students to learn about public health in an international setting and should not be expected to fulfill clinical hours for medical school.

Sample Organization Descriptions

The following sites are a brief cross-section of current CAPA internship host sites and should not be considered as a guaranteed locations for placement.

Aged Care Facility. Residents of this facility require dementia-specific care which is offered within a secure environment. The facility is a friendly, warm and supportive environment where the needs of the individual are met with dignity and independence is encouraged as much as possible. Interns will be exposed to many aspects of running an Aged Care Facility, from interacting acting with residents during game and meal times, to following carers and nurses as they do their daily health visits.

Cancer-focused Charity. This independent charity is not funded by the government, the bulk of its income being raised through fundraising events and donations from the community. Through the development of prevention strategies, research into new treatments and cures, and by providing clinical and emotional support to those affected by cancer, the organisation works towards realising a vision of a society where lives are not cut short by or their quality diminished by cancer. Placements here are marketing and events focused.

Community Health Organization. This organisation was established as part of the health infrastructure that supports programs to improve men's health and well being. They provide support to men in need of help arising from mental illness or other debilitating illnesses; ease the transition of men from full-time employment to other activities in retirement; provide an additional link between the primary health network and the many men who have no regular contact with that network; and establish a place for men that enabled social interaction and activities to maintain the health and wellbeing of those men. They aim to become a focal point in the community for the identification of men's health issues and actions to resolve those issues. Placements focus on health administration.

Mental Health Awareness Organization. This site is a non-government organisation and registered charity funded by NSW Health. Members are people who are interested in mental health issues. With a vision of a society that values promotes and protects mental health and wellbeing for its citizens, their mission is to promote opportunities for the people of NSW to achieve their optimal level of mental health through providing information education about mental health mutual support and advocacy services. The site's major activities include provision of the Mental Health Information Service, Facing Anxiety Program support groups (including training and establishment of new groups), and mental health promotion and advocacy.

<p><u>Psychology Research Institute</u>. Diseases of the brain and mind now account for more than 40 percent of all illness. This internship site takes up the challenge to tackle and lower the incidence of mental illness in all its forms, including depression, anxiety, substance abuse, schizophrenia, and bipolar disorder, and dementias such as Alzheimer's disease. Placements are research oriented.</p>
<p><u>Independent Research Organization</u>. This non-profit organization has strong links to the University of Sydney and Royal Prince Alfred Hospital. The site focuses on identifying the way in which cells and molecules in blood vessels work in order to better understand how heart disease develops. Teams of scientists work across a range of research areas to find new ways of detecting, treating and preventing heart disease in the community. Placements are mostly observational experiences, but may have a research component.</p>
<p><u>Dental Practice</u>. This office offers all types of dental treatment with a particular focus on Cosmetic Dentistry. As they have a large team of Dental Practitioners, they offer services for clients with special needs. These include Cosmetic Dentistry, General Dentistry including Crowns, Veneers, Root Canal Therapy, Dental Implants, Amalgam Removal, and Laser Teeth Whitening. Placements are observational.</p>
<p><u>Optometrist</u>. Serving as both a retail store for glasses, as well as providing optometry services, this internship site provides highly professional and personalized eye care services at convenient locations all over Sydney. Services include eye exams, contact lens exams, eye ware advice, lens advice, and also express and same day services. Placements are observational.</p>
<p><u>Pre-natal Care and Education Center</u>. This organization is acknowledged as a leading provider of the highest quality pregnancy education and counselling in the field of childbirth and parenting education. They also run a full-time counselling service for individuals and families. Students will have opportunities to attend and assist in the planning of pre-natal classes, liaise with clients, accompany midwives on hospital appointments, and assist with the overall operation of the clinic.</p>
<p><u>Social Services Charity</u>. This foundation combats disadvantage in its many forms – by providing food, educational, and social health and wellbeing services without discrimination to those who need it most. The charity focuses its work on targeted at-risk and in-need populations in the Sydney area. Students may assist with administrative and fundraising initiatives as well as gain exposure to the foundation's health, food, and educational service programs.</p>
<p><u>Historical Site</u>. Originally occupied by an aboriginal community and then converted into a quarantine station from Australian immigrants, this historic site has been transformed into space to provide recreational and educational experiences that connect the past to the present.</p>
